5:00					

In addition I am teach PEDS 2015 (Intro' to Outdoor Education) over a series of five weekends this term and will have weekend specific office hours for this class.

I am available for appointments at other times, please contact by phone, e-mail or after class. I do generally respond to e-mail queries within a few hours, seven days a week (IF home or in the office) and this is the best way to communicate technical and administrative questions.
